

Online vs Showroom Furniture Buying Guide

Modern Sense Furniture - Toronto and GTA Guide 2026

Safe to buy online

1 Storage and consoles

Judged on size, finish, and storage, all clear from specs.

2 Tables and lighting

Dimensions and finish read well from good photos.

3 Research everything

Compare price, size, and reviews before you ever visit.

4 Check the policy

Confirm returns, shipping, and warranty before you pay.

See it in person

1 Sofas and sectionals

Seat depth, firmness, and support only reveal themselves in person.

2 Dining and accent chairs

Comfort and back support vary more than photos suggest.

3 Exact colour matches

Fabric and wood shift under real light. Take swatches home.

4 Measure first

Note wall lengths, walkways, and doorways before you commit.
